#### Art 2

1. The sanitary surveillance and fiduciary isolation period for the persons who have stayed or transited, in the 14 days preceding their arrival in Italy, in States or territories listed under “E” in the Attachment 20 to the DPCM of 2MAR21 , is hereby determined in **10 days** , with the obligation to carry out a molecular or antigenic test , by means of a swab , at the end of such period.

#### Art.3

1. Whoever enters the national territory for any length of time arriving from the States and territories listed under “B”, “C”, “D” and “E” in the Attachment 20, before his/her entry in the national territory must fill in a specific localization form in digital format , with the terms and conditions to be announced by an ad-hoc circular of the General Directorate for Sanitary Prevention , and provide proof to the carrier or whoever is in charge of performing controls. Such digital form supersedes the paper declaration to be used solely in case of technological impediments.

#### Art 4

1. ... the entry in and the transit through the national territory by the persons who have stayed in or transited through Brazil in the preceding 14 days is forbidden .... (with exceptions)

#### Art.5
